

Client Accounting Solutions

As Certified Public Accountants and Advisors, BRC focuses on assisting owners and management teams in achieving more with less. Operative accounting support and a dependable accounting function is vital and is a prized resource of a corporate team. The very best “back office” accounting functions utilize: proper execution, reliable information, risk reduction and insight for business decisions. Let **BRC’s Client Accounting Solutions (CAS) Team** customize these elements for your business with an experienced team of CPAs, accountants and analysts, using the latest technologies, leveraging cloud-based accounting solutions, systems and processes.

Customized solutions include: open communications & a project manager for seamless implementation

Design and Implementation: We leverage cloud-based accounting solutions integrated with other key business applications to reduce time and costs involved in accounting operations.

Back Office Accounting: We handle the work using standardized paperless processes for accounts payable, employee expense reports, billing and receivables, payroll, deposits, bank reconciliations and other accounting processes.

Real-Time Financial Reporting: We provide secure access to your financial information via any internet connection including dashboards, account reconciliations and monthly financial reporting with variances to budget and prior year results. Timely reliable financial reporting is available for making strategic decisions

Complete Financial Interpretation: We are your partner, assisting with financial information, profitability analysis, budgeting, cash flow recasts, business planning, banking relationships, and adapting business processes to changes in the business.

Look Forward Analytics: Benchmarking and forecasting all go beyond monthly cash flow or balance sheets to estimate certain decisions and their impact on future earnings. Carefully thought out predictive modeling can use historical data like your financials to identify risks and uncover opportunities.

Who We Serve

Professional Services
Property Management
